USING ZOOM

If you have never used zoom before it may seem intimidating, but it is actually pretty simple. You can use any mobile device, tablet, computer or laptop to join in. If you have a chance before class, I encourage you to test out your device to make sure the video, camera and microphone are working. On a computer or tablet you will be able to see all participants. On a phone you can only see 4 boxes (people) on the screen at one time, but can swipe left to see others.

The Zoom link will be in the Uniter Newsletter each week. Just click that link (button below the class ad). If you do not already have Zoom on your device, it will prompt you to download it on a computer or the Zoom app on your phone/tablet (both are easy processes). If you have the chance, try following the link in advance to make sure you have everything set up and ready to go for Wednesday evening.

Please don't hesitate to contact me with any questions by email julie.caslow@fulc.org, phone call or text 770-377-2475.

Hope to see you in Class!
